

The Board of Directors' reasoned opinion pursuant to Chapter 19, Section 22 of the Swedish Companies Act regarding the proposal on authorisation for the Board of Directors to acquire own shares

The Board of Directors' of Green Landscaping Group AB (publ), reg. no. 556771-3465 (the "**Company**") proposal means that the Board of Directors is authorised to acquire a maximum of so many own shares that the Company's holding of own shares amounts to no more than 10 percent of all shares in the Company. The Company currently holds no own shares.

The Board of Directors is of the opinion that the proposed authorisation to acquire own shares is justified with regard to the requirements that the nature, scope and risks of the business place on the size of the equity, and on the Company's and the group's consolidation needs, liquidity and position in general. The equity ratio is, in light of the fact that the Company's and the group's operations are conducted with good profitability, reassuring. The liquidity in the Company and the group is deemed to be able to be maintained at a similarly reassuring level.
