

The Board of Directors' proposal on resolution regarding authorisation for the Board of Directors to acquire and transfer own shares

The Board of Directors of Green Landscaping Group AB (publ), reg. no. 556771-3465 (the "**Company**") proposes that the Annual General Meeting ("**AGM**") authorises the Board of Directors to, during the period until the next AGM, on one or more occasions, resolve on acquisition and/or transfer of the Company's shares on essentially the following terms.

Acquisitions may be made of so many shares that the Company's holding does not exceed 10 percent of all shares in the Company. Acquisitions shall take place on Nasdaq Stockholm and in accordance with Nasdaq Stockholm's rulebook for issuers on the main market. Acquisitions of shares shall be made in compliance with the price restrictions set out in Nasdaq Stockholm's rulebook for issuers on the main market, which stipulates that shares may not be acquired at a price higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the purchase is carried out. Acquisitions may not be made at a price lower than the lowest price at which an independent acquisition may take place.

Transfer of shares may take place on Nasdaq Stockholm, at a price within the prevailing price range at any given time, and outside Nasdaq Stockholm, with or without deviation from the shareholders' preferential rights and with or without provisions on non-cash or set-off rights, and other conditions, to be used as full or partial payment in connection with the acquisition of a company or business. The transfer may involve all or parts of the Company's holding of own shares at the time of the Board of Directors' resolution.

The purpose of the authorisation is to give the Board of Directors the opportunity to adapt and improve the capital structure of the Company in order to create increased value for shareholders and to be able to transfer shares in connection with the financing of any company and business acquisitions by payment in whole or in part with the Company's own shares. In the latter case, the Company may, for example, be able to use its own shares to acquire companies by using the shares as payment and thereby create increased shared interest between the seller and the Company in the continued operations, without resulting in dilution for existing shareholders.

A valid resolution for this item requires that the proposal is supported by shareholders with at least two-thirds of both the votes cast and the shares represented at the meeting.
